

# Sorbents & Spill Control

## *The Routine Maintenance Solution*

## Everyday Leaks, Drips & Spills, Why Mess Around?

Around any type of manufacturing process or assembly area accidents can happen. But "Spill Control" today is more likely **ROUTINE MAINTENANCE** of overspray, leaks and drips than it is emergency spill response. Good housekeeping is part of any good maintenance and safety program. Brady's range of Sorbents & Spill Control Products assist in keeping the source of leaks, drips and spills wiped clean allowing you to keep work areas "under control" and reducing liability.

# SORBENT CENTRE

## A Better Way to Store and Access Sorbents

Worker productivity and efficiencies can be improved dramatically by placing Sorbent Centres strategically around your facility and closer to the areas of need. For both emergency response and routine maintenance and safety, you don't want employees wandering away from their workstation to the other side of the plant or tool room to get the sorbent products they need.

**Major considerations for choosing sorbent products:**

What are the liquids used in a given area? What type of coolants, lubricants, cleaners, etc. This will determine the TYPE of sorbent to use (Oil Only, General Maintenance or Chemical). How much liquid is being released, from where? This will help determine what configuration of sorbent to use (Pad, Roll, Soc, etc.) The complete Sorbent products range is shown on page 159.

*N.B. Picture above shows 3 x Sorbent centres stacked on top of each other. Contents sold separately to allow individual customisation. See page 159 to choose your contents.*

**STANDARD PACKAGE: 1**

Part Number	Description
861409	Sorbent Centre Empty (single)
861410	Set of 5 Castors
861411	PPE Accessory Pack
861412	Wall Mounting Bracket
861413	381mm Dowel Rod
861 414	1016mm Dowel Rod

**Features & Benefits:**

Fill your Sorbent Centre with just about any SPC sorbent you need. Holds up to 965mm roll and full packs of product – no special refills required. Buy one and hang it on the wall or place it under your workbench. Buy two or three to make a custom sorbent cabinet. Accessories sold separately include: castors, wall mounting bracket, dowel rods and accessory pack (goggles, gloves, disposal bags and emergency handbook)

**Applications:**

Sorbent deployment station. Mobile spill control unit. Extension of your bin system and managed inventory program. New tool in your "Lean" efforts (supports two of the 5S principles – Set In Order or "Seiton" and Shine or "Seiso").

**Wall Mounting Bracket**

**PPE Accessory Pack**

**Castors**

## SOCS

Use for routine spill containment and control. Can be used to mould around corners, and conforms to uneven surfaces to prevent and soak up spills and drips.

STANDARD PACKAGE: 12

Part Number	Description	Colour Code	Absorption Capacity
852693M	Spill Control Soc General Maintenance 76mm x 1.22M		45L
852693H	Spill Control Soc Oil Only 76mm x 1.22M		45L
852693C	Spill Control Soc Chemical 76mm x 1.22M		45L

## PADS

Manufactured from a high strength dimpled material. Thick, durable, high absorbency rate and is low linting. Oil only pads do not absorb water and float indefinitely. Chemical pads are non reactive to chemicals and absorb 16 times its weight. Pads are perforated so you only use what you need.

STANDARD PACKAGE: 100

Part Number	Description	Colour Code	Absorption Capacity
853699	Spill Control Pads General Maintenance 380 x 480mm		28.5L
853701	Spill Control Pads Oil Only 380 x 480mm		34L
853700	Spill Control Pads Chemical 380 x 480mm		91L

## PILLOWS

Excellent for absorbing spills and leaking fluids in tight spaces. Use as a maintenance tool around machinery. Unique polypropylene absorbent is fast acting upon contact with fluids. Will not react to any chemicals or aggressive fluids.

STANDARD PACKAGE: 16

Part Number	Description	Colour Code	Absorption Capacity
852695M	Spill Control Pillows General Maintenance 460 x 460mm		106L
852695H	Spill Control Pillows Oil Only 460 x 460mm		106L
852695C	Spill Control Pillows Chemical 460 x 460mm		106L

## ROLLS

Ideal for coverage of large areas. Protects your work area from spills and prevents damage. Effectively cleans up all oil and water based fluids. Low linting, thick, durable, high absorbency rate. Perforated so you can cut out and use only what you need.

STANDARD PACKAGE: 1

Part Number	Description	Colour Code	Absorption Capacity
853050	Spill Control Roll General Maintenance 760mm x 46M		189L
853051	Spill Control Roll Oil Only 960mm x 44M		273L
863636	Spill Control Roll Chemical 760mm x 46M		189L

## BATTLE MAT™

Ideal as walk-on mats or single use absorbents in manufacturing plants or similar environments. Prevent workshop over-spray and drips becoming a slip hazard. Camouflage pattern masks spills and keeps shop floors clean. Battlemats™ durable, abrasion-resistant upper layer draws liquids away from the surface, while the impervious lower layer prevents liquids from seeping through to the floor. Absorption Capacity: 200L per Roll.

STANDARD PACKAGE: 1

Part Number	Description
849037	Battlemat 760mm x 46M

## MULTI-PURPOSE ABSORBENT

This multi-purpose absorbent can be used for four separate applications – As a pad, wipe, roll or soc. The unique 3-ply construction includes a tough bottom layer for extra strength and extra long usage. Perforations allow you to use only what you need.

Absorption Capacity: 86L Per Roll. Size: 38cm x 46m.

Perforations: Every 46cm and TWICE up the middle allowing three wipes.

### STANDARD PACKAGE: 1

Part Number	Description
849038	Multi-Purpose absorbent

As a Pad...

As a Soc...

As a Wipe...

Or as a Roll...

## SPILL KITS

Brady's range of Spill Kits contain premium absorbents for maximum performance in any spill situation. Not only are they available in a range of sizes for various locations, they are conveniently colour coded to ensure you use the right Spill Kit to clean up each spill. Each kit comes complete with an audit checklist so you can ensure you are prepared for spills every time.

### Use this as a guide:

- **Maintenance** – to clean up non-aggressive liquids and chemicals, oil, grease and general spills.
- **Oil Only** – Specially designed to absorb oils, fuels and other non-aqueous (non-water) soluble liquids. Does not absorb water.
- **Chemical** – to clean up aggressive liquids and chemicals. Will also absorb all maintenance and oil spills but does not repel water.

## SPILL KADDIE

This mobile, compact Emergency Spill Kit is ideal for fast spill response or maintenance mess prevention anywhere on site. Absorbs 80-90 litres.

### Kit Contents:

- 1 - Perforated Roll (38cm x 23m)
- 5 - Socs (7.6cm dia x 1.2m)
- 8 - Pillows (23cm x 23cm)
- 1 - Safety Goggles
- 1 - Nitrile Gloves
- 5 - Disposal Bags
- 1 - Emergency Response Handbook

### STANDARD PACKAGE: 1

Part Number	Description
853631	Spill Kaddie – General Maintenance
853632	Spill Kaddie – Oil Only
853633	Spill Kaddie – Chemical

## SMALL MOBILE SPILL KIT

Portable compact spill protection. Weatherproof wheeled containers that can be located immediately adjacent to potential spill areas – either inside or outside. Absorbs 100-120 litres.

STANDARD PACKAGE: 1

Part Number	Description	Colour Code
852533	General Maintenance	●
852557	Oil Only	○
852561	Chemical	●

### Kit Contents:

- 2 - Socs 76cm dia. x 1.2m (852693)\*
- 1 - Socs 76cm dia. x 3.66m (852694)\*
- 50 - Pads 38 x 48cm (852691)\*
- 3 - Pillows 46 x 46cm (852695)\*
- 1 - Coveralls XL (852696)
- 1 - Gloves (852698)\*
- 1 - Safety Goggles (852701)
- 3 - Disposal Bag & Ties (852700)
- 1 - Instructions for Use

## LARGE MOBILE SPILL KIT

Use in lubricating and dispensing areas, loading bays, flammable goods stores. Hold centrally for emergency response. Absorbs 200-250 litres.

STANDARD PACKAGE: 1

Part Number	Description	Colour Code
852562	General Maintenance	●
852564	Oil Only	○
852566	Chemical	●

### Kit Contents:

- 6 - Socs 76cm dia. x 1.2m (852693)\*
- 3 - Socs 76cm dia. x 3.66m (852694)\*
- 125 - Pads 38 x 48cm (852691)\*
- 6 - Pillows 46 x 46cm (852695)\*
- 2 - Coveralls XL (852696)
- 2 - Gloves (852698)\*
- 2 - Safety Goggles (852701)
- 6 - Disposal Bag & Ties (852700)
- 1 - Instructions for Use

Kits include PPE (Goggles, Gloves and Coveralls\*)

## VEHICLE SPILL KIT

Perfect for trucks, vans and utes. Designed to fit in either the cab (behind seat) or in chassis mounted storage boxes. Useful for dealing with spills in transit. Absorbs 50-60 litres.

STANDARD PACKAGE: 1

Part Number	Description	Colour Code
852547	General Maintenance	●
852548	Oil Only	○
852549	Chemical	●

### Kit Contents:

- 1 - Socs 76cm dia. x 3.66m (852694)\*
- 25 - Pads 38 x 48cm (852691)\*
- 2 - Pillows 46 x 46cm (852695)\*
- 1 - Gloves (852698)\*
- 1 - Safety Goggles (852701)
- 2 - Disposal Bag & Ties (852700)
- 1 - Instructions for Use

SEE PAGE 273 FOR SPILL CONTROL SIGNS

\* Coveralls included only in small and large Spill Kits.

\* Sorbents: To order individual components specify: H for oil only, C for chemical, M for general maintenance at the end of the part number shown, eg. 852693H.

• Gloves: To order gloves specify C for chemical resistant nitrile gloves or M for all purpose gloves.

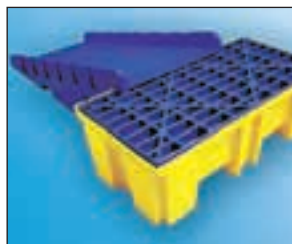

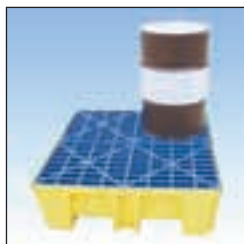

## SPILL PALLETS

An efficient solution to spill containment, these Spill Pallets are ideal for keeping your employees and work environment safe from unexpected drum spills or leaks. Available in both two drum (contains up to 260 litres) and four drum (contains up to 485 litres) configurations. Optional ramp also available for easy access to pallets.

### STANDARD PACKAGE: 1

Part Number	Description	Size
862877	Spill Pallet 2 Drum	660 x 1320 x 431mm
862878	Spill Pallet 4 Drum	1320 x 1320 x 431mm
862879	Spill Pallet Ramp	825 x 1778 mm

## SPILL DECKS

These low profile, two-drum Spill Decks are an effective means of containing potentially hazardous leaks in your drum storage and dispensing areas. Each modular deck has built-in clips to easily and safely connect multiple decks – creating 4, 6, 8 or even more drum storage platforms. Contains up to 80 litres. Install the optional Sump Drain Kit to share capacity across multiple decks.

### STANDARD PACKAGE: 1

Part Number	Description	Size
862881	Spill Deck 2 Drum	660 x 1320 x 152mm
862882	Sump Drain Kit	

### Features & Benefits

- Solid Construction
- Nestable
- Forklift Friendly

## SPILL BERM

This temporary spill berm can be used to seal-off spills from the environment as well as nearby drains and doorways. The unique material “weeps” into small cracks to stop flow of liquids. They provide an effective temporary, secondary containment. Easy application soap and water clean for re-use.

Part Number	Description	Size
854433	Spill Berm	60mm x 3M

## SLIKSTOPPER™

The Slikstopper™ seals drains tightly to prevent spills from spreading. Made from chemical resistant PVC, the mat resists water, oil and most aggressive liquids. Easy application soap and water clean for re-use. Available in 4 sizes.

### STANDARD PACKAGE: 1

Part Number	Description	Size
862883	Slikstopper	460 x 460mm
853691	Slikstopper	610 x 610mm
853692	Slikstopper	920 x 920mm
853693	Slikstopper	1070 x 1070mm
